

OEL- 100/64

MEMORANDUM FOR: Assistant Director, Office of Central Reference
FROM : Assistant Director, Office of ELINT
SUBJECT : EL-B Report Series, Dissemination and
Reference Service Therefor

1. Effective in January 1964, the Analysis Division of the Office of ELINT, DD/S&T, will originate a new series of information reports (designated as EL-B's) for use by various USIB agencies. This series will replace former informal, narrowly disseminated reports. Although the greater portion of the information in these reports will be used in the production of electronic intelligence, there will occasionally be information relating to other fields of intelligence; e.g., information on: ship or aircraft movements or locations; missile and satellite operations; meteorology; etc.

2. It is impossible, at this time, to predict the extent to which these reports will be used by USIB analytical components engaged in the production of finished intelligence. However, it is considered desirable that these reports be included in the Intellofax System in order to provide an orderly storage and retrieval facility from which reference requests from USIB analysts may be promptly serviced.

3. It is therefore requested that the Office of Central Reference be designated as the dissemination and reference authority for this report series. AND/OEL will provide all information...
